Slide 5: about my internship with Clevered

Slide 6: about the app

Slide 7 and 8: how to use the app

Slide 9: contact person

Slide 10: final slide

Acknowledgements

I am extremely thankful for every mentor that has been teaching me coding since I first joined clever, and for staying with me even when there was a subject I didn't understand. I wouldn't be here and doing what I am doing right now if it wasn't for them

About Me..

- **Student's
Photograph**

- My name is Abigail Beainy
- I have been working with Clevered for 2-3 years
- I am very interested in AI and everything that has to do with technologies. This internship has been a great opportunity for me to learn new things, and I am extremely grateful for that

About My Internship with Clevered..

- Any photographs from sessions etc.
- My internship with clevered has been an amazing experience and i learnt a lot of new things
- I don't know what badges are and so far I have earned none.

About App..

- **App's Main Menu:**
- **The apps main menu is consisted of a start, stop, and pause button.**
- **When you start there is also a textbox where you enter your name for using purposes**

My app is a chatbot,A chatbot is a computer program that uses AI to interact with humans through text or speech. It can understand user inputs, determine their intent, and generate automated responses. Chatbots aim to provide instant and personalized assistance in various applications and industries.

How do I use the App?

Option Name

(This will be repeated for each option of the App)

- Screenshot/ Pic of each option/screen of the App
- The only thing you have to do to use the app is click on the start button and answer or ask as many questions as you need.
- There no risks or bugs in the app as far as i am aware, but it does have speech recognition blocks so you will have to be clear with your words so it can understand

Contact Person

If you feel the need to ask questions or give suggestions on the app please contact the email address below:

bachir.beainy@gmail.com

Thank you!
